SUMMARY

Full Stack Web Developer with a keen eye for presentations and styles of websites. Effective at combining creativity and problem solving to develop user-friendly applications. Excellent working with a team or independently. Known for strong wit and attention to detail no matter the complexity of the project.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript
Applications: PureCSS, Bootstrap, GIT, GitHub, React, React.js, Express, Node.Js, jQuery, MySQL, MongoDB, Mongoose, Handlebars, APIs, Restful API, Heroku, Terminal, React Hooks, JSON, Sequelize

PROJECTS

Fortress of Fandom | https://github.com/gardukman/fortress-of-fandom
https://immense-mesa-76865.herokuapp.com/about

- A website created for the Fortress of Fandom podcast. On this website fans of the podcast can discuss the show, listen to past shows, and see the merchandise for the podcast (with a helpful link to buy the merchandise).
- I did the front-end design. I did the fonts, the footer, the menu, and the podcast layout (for which I used React-Bootstrap).
- HTML5, CSS3, JavaScript, React-Bootstrap, Apollo, Bootstrap, GraphQL, React, Heroku

Holiday Planner | https://github.com/akaser23/holiday-planner
https://desolate-inlet-16467.herokuapp.com/login

- This website helps plan for the busy holiday season. You are first asked to sign-up and create a login. After that you can create to-do lists, and search for helpful recipes for the holiday season.
- I did much of the back-end development. I also was involved with the styling and layout of the website.
- JQuery, Express.js, MySQL, Sequelize, Handlebars.js, Bootstrap

EXPERIENCE

Preloader   2020 – Present
UPS   Ogden, UT
Positioned lifting devices under, over, or around loaded pallets, skids, and boxes, and secured
material or products for transport to designated areas. Loaded and unloaded materials by hand
or with equipment to help the team meet work demands. Read and attach appropriate labels
and tags to products and packages for identification purposes.

Missionary   2018 - 2020
Church of Jesus Christ of Latter-day Saints   Salta, Argentina
Talk to new people every day. Many service projects to help the people of Salta. Learned to
keep to a strict schedule which taught me to be punctual. Ability to understand, speak, write and
read Spanish.

Manager   2015 - 2018
Abominable Mowmen   Layton and Ogden, UT
This was a lawn mowing business. Every week managed 20 - 25 lawns. Have to communicate
with our customers and talk to them about the maintenance of their lawns. Worked hard to
complete our lawns every week. Learned good money management because had to manage
our finances because we had to maintain our equipment and also pay ourselves.

EDUCATION

Full Stack Web Development Certificate - University of Utah | **Salt Lake City, UT** | **2021**
A 24-week intensive boot camp program focused on gaining technical programming and
market-driven skills.
